

UV100

1080P HD USB2.0 Webcam for PC

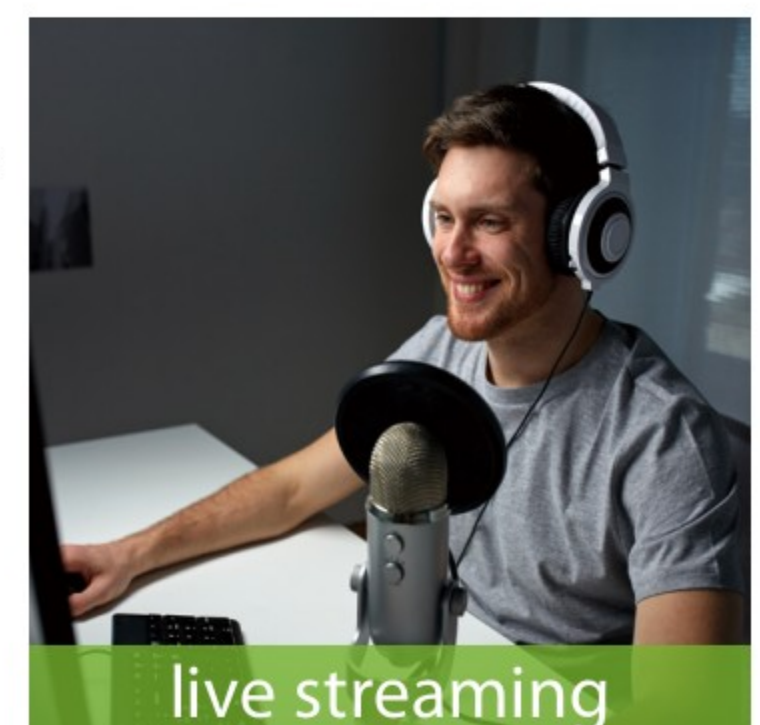

- 1080P (1920x1080@30fps) HD camera
- USB2.0 connectivity, for a fast, easy connection
- General UVC protocol, drive-free installation
- Built-in MIC, support Audio & Video recording
- Support 360° rotation, tripod, metal casing

It can be used for video call, video meeting, live streaming, online teaching and Self-service terminal equipment and other scenarios.

Multi-Application & Universal Compatibility

Specifications

Product Model	UV100
Image sensor	COMS 1/2.9"
Resolution and frame rate	1920*1080/30fps
Optional Resolutions	MJPG(30fps): 1280*720; 800*600; 640*480; 640*360; 320*240 YUV: 1280*720 10fps; 800*600 20fps; 640*480 20fps; 640*360 20fps; 320*240 20fps; 1920*1080 5fps
Lens	4mm
FOV	95°
Signal to Noise	37dB
Dynamic Range	72.3dB
Supported Formats	YUV/MJPG
Communication interface	USB 2.0
Interface Transmission Speed	480mb/s
Support Operating System	Win xp / win7/ win10/ Max / linux/ android5.1
Audio	USB audio/Dual MIC
USB Power Supply Voltage	5V±5%
Working Current	110mA±10mA
Dimension(L*W*H)	102 * 32 * 96 (mm)
Net Weight	110g
Gross Weight	145g
Working Temperature	-10°C to 60°C
Storage Temperature	0°C to 50°C
